

SOLUTION OVERVIEW ■ SATELLITE BUSINESS INTERNET

BCN offers a variety of wireless solutions that can be deployed to meet each customer’s specific needs. Whether for primary, back-up/failover, or hard to reach locations, BCN will uniquely tailor each solution. Customers with multiple locations can be assured that BCN’s range of wireless options means we’ll get you connected.

WE ARE BCN

A single source provider helping business customers find simplicity in complex multi-location, multi-network technology deployments based on the portfolios of 75+ wholesale network partners.

SINGLE PROVIDER

A single-source for custom-configured solutions.

UNIFIED BILLING

All services at all locations on one monthly invoice.

CUSTOMER CARE

Single point of contact for U.S.-based support.

OUR LEGACY

26 years of experience and thousands of business customers.

NATIONWIDE SATELLITE BUSINESS INTERNET

A Viasat-based satellite business internet from BCN offers 35/4 Mbps (download/upload) plans to over 96% of the U.S. population. In select areas you can also get 60/4 Mbps and 100/4 Mbps plans. In the few places where 35/4 Mbps is not available, we offer 12/3 Mbps.

BETTER BACKUP CONNECTION

Affordable and truly diverse secondary connection for business continuity solutions.

PRIORITIZED CONNECTION

Business customer data receives preference on the network, so you get the speeds you need during important business hours.

ENABLE BUSINESS APPLICATIONS

Fast speeds allow businesses to run critical business applications such as VoIP, Point-of-Sale, IoT and more.

QUICK INSTALLATIONS

A satellite business internet solution from BCN is typically installed in just 3 to 5 days, so businesses can get up and running immediately.
