PUBLIC SERVICE COMMISSION

November 3, 2006

Notice Required Website Posting of Tariffs

To All Gas, Electric and Telephone Public Service Companies:

In an effort to provide the general public with better and more efficient access to both current and pending tariffs, the Public Service Commission ("Commission") finds that all utility tariffs should be available electronically via the Internet. Therefore, the Commission directs that all gas, electric, and telephone public service companies subject to its jurisdiction shall post their current and pending tariff changes on the Internet on or before January 1, 2007. Each public service company is also directed to email the specific website URL address for their tariff pages to the Commission's Information Technology Director, Mars Wu (mwu@psc.state.md.us) by January 1, 2007.

The Commission further directs that public service companies incorporate any Commission approved tariff change no later than 5 business days after the approval date.

Questions or concerns regarding this matter should be directed to Donald P. Eveleth, Deputy Executive Secretary at 410-767-8057.

Sincerely,

O. Ray Bourland
Executive Secretary
